## **In Case of School Closure Due to Corona Virus: Continuity of Students' Academic Program**

One of the benefits of our academic program is the ability to access their coursework online from home if needed. In the event of a school closure due to the Coronavirus (COVID-19), the following expectations will be in effect:

- Based on the timing of the closure and the proximity to graduation and Regents exams it was decided that 3<sup>rd</sup> and 4<sup>th</sup> year students will be assigned a laptop to bring home if needed. This will allow them to continue their academic work on Edgenuity uninterrupted by the school closure.
- Given that we are a year round school with time to make up days missed, 1<sup>st</sup> and 2<sup>nd</sup> year students will be given directions on how to access Edgenuity at home on their phones or any other device with Wi-Fi capabilities. This will allow them to continue their academic work online with limited interruption.
- Students enrolled in Regents preparation classes will be provided practice Regents exams and activities that they should be working on while home. Teachers will outline specific expectations as they relate to each class.
- Students enrolled in electives or classes not related to a Regents exams will be given packets and activities that they should be working on while home. Teachers will outline specific expectations as they relate to each class.
- Students are encouraged to visit their local libraries for access to computers and Wi-Fi if it is unavailable at home.
